

Dear Customers,

RE: COVID-19 LOCKDOWN AND SERVICE DELIVERY

Following the announcement by President Cyril Ramaphosa, which will be effective from the 26th of March up to the 16th of April 2020, OBP had made plans to remain fully operational to respond to clients' needs.

Veterinary vaccine manufacturers such as OBP have been classified as an Essential Service and thus need to continue with operations during the lockdown period.

As far as availability of products is concerned, OBP is well stocked and all orders, quotations and other queries will be processed and shipped using the normal distribution channels.

OBP is committed to strict hygiene measures as advised by World Health Organisation (WHO). As a result of this, visitation to our premises will not be allowed except for logistic services who will be collecting products for clients. Any urgent matters should rather be handled through emails or telephonically.

All enquiries can be directed to:

1. Local Sales
 - Telephone – 012 522 1684/5/7/8
 - Email – ordersloc@obpvaccines.co.za
2. International Sales
 - Telephone – 012 522 1521
 - Email – export@obpvaccines.co.za

OBP wishes to thank all our clients and suppliers for their continued support in this difficult period.

Sincerely,

CEO: Dr Baty Dungu
